LinkedIn: linkedin.com/in/vaidehi-navadiya-b8a04332b | GitHub: github.com/vaidehi-5006

PROFESSIONAL SUMMARY

Creative and detail-oriented UI/UX Designer and Frontend Developer with experience in designing user-friendly interfaces and building responsive, interactive websites. Skilled in Figma, HTML, CSS, JavaScript, React.js, Next.js, and Three.js, with hands-on experience in UI/UX redesign and 3D interactive web projects. Also knowledgeable in full-stack development and graphic design, combining creativity and technical skills to create engaging digital experiences.

EDUCATION

B.Tech in Computer Science and Engineering **2023 – 2027**
P. P. Savani University

PROFESSIONAL EXPERIENCE

Graphic Designer & UI/UX Designer | InfiApp **May 2026 – Present**

- Designed user-friendly interfaces and contributed to UI/UX redesign projects to improve usability, navigation, and visual consistency.
- Developed responsive web interfaces using HTML, CSS, JavaScript, and React.js.
- Created digital marketing creatives, branding materials, and social media content.
- Designed premium invitation cards and produced cinematic 3D AI invitation videos.
- Used AI prompting techniques for professional image generation and video creation.

Technical Head | Entrepreneurship & Business Club (EBC) **April 2025 – August 2025**

- Led technical and creative activities for university events.
- Designed promotional posters, banners, booklets, flyers, and social media creatives.
- Coordinated promotional campaigns and collaborated with team members to complete projects on time.

Graphic Designer Intern | InAmigos Foundation **January 2026 – February 2026**

- Designed social media posts, posters, and awareness campaign materials.
- Created visual content for donation and CSR initiatives.
- Contributed creative ideas for promotional campaigns and video content.

PROJECTS

Velora – UI/UX E-commerce Website Design
Designed a premium, modern fashion and lifestyle e-commerce website with clean layouts, intuitive navigation, and responsive screens for product browsing, cart, and checkout.

Luxury Watch Interactive 3D Website Design
Developed an interactive luxury watch website using Three.js, JavaScript, and GSAP, featuring 3D visuals, smooth scrolling, and engaging animations.

InfiApp – UI/UX Redesign
Contributed to redesigning application interfaces to improve user experience, usability, and visual consistency. Created modern layouts, optimized navigation flow, refined typography and spacing, and collaborated with developers to build intuitive and user-friendly digital experiences.

RexaLink.AI – AI-Based Resume Builder (Full-Stack)
Designed and developed an AI-powered resume builder using React.js, Next.js, Node.js, Express.js, Firebase, and JavaScript. Worked on frontend development, backend integration, middleware, authentication, responsive UI, and AI-powered resume analysis features. Focused on building a scalable, modern, and user-friendly web application.
